Vermont By Design - 2006

[1]Based on the

inputs and on the knowledge and experience of Council members, the Vermont Rural Energy Council crafted a set of recommendations for actions that would advance rural energy generation, fuel development and efficiency in Vermont. These recommendations include:

- Systematically Advancing a Vermont Renewable Energy Program
- Expanding Net Metering
- Adopting Clean Energy Policies
- Constructing an All Fuels Efficiency Program
- Improving Transportation Efficiency
- Targeting Economic Development Assistance
- Building a Green Investment Strategy
- Adopting Time of Use Rates for Electricity
- Beginning a Vermont Carbon Plan
- Expanding Property Tax Incentives for Renewable Development
