DISCUSSION

Nanci Gordon : Spot on! I would add that frequency is so important. One ad, one poster, one talk show will only reach people paying attention at a certain moment. We can assume everyone is paying attention at one time.

Tracey Shamberger : Might anyone have any resources for translation services?

Erica Quallen (she/her) : AALV does interpreter services so I would bet they'd be willing to translate a flyer.

Catharine Hays : Yay, libraries!

Jenna Koloski : Catharine - when I'm working with a community the library director is often the first person I call :)

Catharine Hays : I'm so sorry that I have to log off at 11. Looking forward to staying involved! Just let me know if you'd like to connect. catharine.hays@bixbylibrary.org

MaryEllen Mendl : Thank you all! I have to sign off to watch the press briefing.
