

Energy Innovations for your Home

A FREE Efficiency Vermont workshop

February 27th, 2020

7:00pm – 8:00pm

Old Schoolhouse Common (Library), Marshfield

Join the RAMP energy committee for an informative and exciting presentation on Smart Home innovations and new technology for home energy savings!

This is a two-part presentation, featuring:

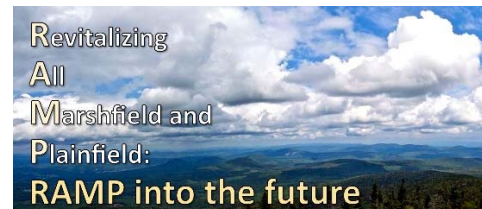

- New smart home products (think connected devices!)
- WEC pilot program on hot water heaters as an energy storage unit

It's free! Snacks will be provided.

One lucky attendee will win a smart thermostat (Ecobee) to take home.
