Seeking Website Help in Exchange for Compost

BRITTANY LANGDON • CHURCH ST

POSTED TO: ONE CENTRAL

One Revolution (www.onevt.com) is in need of a savvy web guru to help us clean up our website. We currently use Typepad and would like to continue using it for SEO reasons, so a good handle on that platform is definitely a plus. We're not web people at all and really want to understand our website more so its easier to edit ourselves.

We're a small business and can't offer cash but can offer ten bags (5-gal) of finished compost in exchange for a few couple-hour sit down sessions. I'll include some food as well - lunch or snacks.

We're a small Burlington based company that provides delivery and hauling services all by bicycle. Most of our business is residential and commercial compost collection.

Please help us!

I have hundreds of grab bag socks from the annual cabot hosiery sale. I got them cheap and held onto them for sewing and craft projects but there are just too many. They are mostly mid weight cotton or cotton blend adult socks in neutral colors. Where are good places to donate unused but also un packaged socks where they will be appreciated? If you would like some, let me know, I have plenty to share!

Hello fellow ONEers - does any one have any tickets for the Sweet Start Smackdown on this coming Wednesday at Higher Ground? We're interested in going but they're now sold out.

Thanks!
Ben

Greetings! My name is Sarab. I'm seeking an affordable 2BR in the Burlington area for myself and my soon to be 19 yr old daughter who is in college. I am employed as a massage therapist at Evolution PT and Yoga and teach Yoga and Ayurvedic courses for elective credit at UVM. I also have a few additional yoga classes and p.t. employment with a local chiropractor. My daughter is away at school during the wk and is home and working at Fletcher Allen on the wknds, and will also be working p.t. at Burlington Bay over the summer. She will return to college in August and will likely continue to be home working wknds and various recesses during the academic yr.

I am a clean, quiet, responsible long-term tenant, and friendly neighbor. I am smoke-free, drug free and live a yogic, environmentally conscious lifestyle. I'm interested in a long term rental in a property that is well maintained, quiet, and smoke free, with respectful neighbors. I have been at my current residence 7rs and am looking to move largely bc the property has changed management and maintenance and screening of new tenants has been increasingly declining over the last 2-3 yrs. Pls respond via email or give a call if you have a rental or referral that may be a match. Thank you!

Appalachian Trail Documentary Premiere April 28

WILL MCNULTY • CHURCH ST

POSTED TO: ONE CENTRAL

Sunday, April 28 7:00pm

At the Outdoor Gear Exchange (OGE)

Tickets \$5

Proceeds go to GMC Bridge Project

Join filmmaker Scott "Squatch" Herriott for his second year on the 2,100+ mile-long Appalachian Trail. Unlike traditional documentarists that stay with one group for the entire hike, Squatch hikes specific sections opposite the main crowds searching for the most interesting, inspiring, sometimes whacked-out and always dirt-laden folk who make up the long-distance hiking community.

This innovative approach allows him to revisit familiar characters and constantly be meeting new ones.

"It's the best AT documentary I've seen (And you know how obsessed I am). -Tom Moose, author of (Only the Things that Matter (yet another Appalachian Trail memoir)

"Flip Flop Flippin' a great film that captures the AT experience from mostly the hiker's perspective. Squatch, you hav beaten National Geographic on quality, substance, humor and human interest." – Greg "Strider" Hummel – PCT '77

More info and Tickets available at: <http://gearx.com/blog/event/flip-flop-flippin-2/>
