

Vermont Council on Rural Development Community Visit Program Sponsorship Opportunity

Thank you for considering a sponsorship of VCRD's Community Visit (CV) program. Your support helps communities bring people together, set shared priorities, and take action on what matters most. This proven four-month process—offered at no cost—strengthens local leadership, builds momentum, and invites all voices to be heard. VCRD provides neutral facilitation, a clear structure, and an inclusive invitation effort that welcomes broad participation. For more than 30 years, VCRD has worked with over 100 towns to help them identify and advance projects that boost local vitality and quality of life. Your sponsorship makes this possible, ensuring that every community, regardless of size or capacity, can access high-quality facilitation and the tools they need to move forward together.
