## JOIN US AS A SPONSOR

Join the Vermont Council on Rural Development (VCRD) for our inaugural “Community Social!” This event, at the Lake Bomoseen Lodge & Taproom, is an event for community leaders, volunteers, and partners committed to Vermont. The short program will feature updates on VCRD initiatives and issues vital to towns across the state, and is an opportunity to connect with friends old and new on the shores of beautiful Lake Bomoseen.

VCRD - a dynamic partnership of national, state, local, non-profit, and private leaders - listens to the opportunities and challenges in Vermont's communities and supports those who dedicate themselves to the progress of their communities and Vermont. This is a critical time to be focused on our small cities and towns.

Come to the VCRD Community Social to engage with other leaders, learn more about VCRD, get involved, and celebrate the important community work happening across Vermont.

### VCRD:

- Builds open dialogues that strengthen democracy, respects local leadership and decision-making, and honors the uniqueness of each Vermont community;
- Convenes nimble, open, and creative venues in which residents contribute their dreams, ideas, and strategies for Vermont and their communities;
- Acts as an effective communicator, a strong voice for progress, and a dedicated proponent for community and economic development in Vermont;
- Identifies policy needs and priorities and convenes public and private leadership to take action to advance them.
